

READY FOR WORD AT RACE TRACK

Horses All Here—Track Is Fast,
and First Day's Card
Good.

The daily racing events at the State Fair which begins to-morrow will be features which will attract thousands of people to Richmond. By to-night all of the horses entered in the harness events will be in their stalls, and by to-morrow morning the horses entered in the running races and steeplechases will have arrived.

The track, which is one of the best in the South, is in first-class condition, and indications are that some very fast time will be made, and probably the track record lowered.

The racing committee is composed of J. T. Anderson, W. J. Carter and Leigh R. Page. Fred A. Upton is the starting judge; D. S. Toman, president; Judge; P. A. S. Brine, clerk of course; and A. Warwick, harness race secretary, while Fred Gerhart is secretary of the running races. Sect. Gerhart arrived last night, and after looking over the entries in both the harness and running classes predicted classy races during the week.

The opening day's events, which will be called at 2 o'clock sharp, are as follows:

FALL BASEBALL PRACTICE BEGUN

Trinity's Showing in Two Games
Leads to Hope for Winning Team.

Trinity College, Durham, N. C., October 5.—For several days past Captain Anderson, of the baseball team, has had his squad out for the regular fall practice. So far two games have been played, and there will probably be more before the winter sets in. The two games played were with the Durham Hosiery Mills, which Trinity lost by the score of 5 to 1, and with the Burlington aggregation in that city, which game was also lost by the score of 5 to 2. The disasters which attended the Trinity nine on each struggle may be explained by the fact that there were five new men on the team who had never before played in a really fast college game of baseball.

Those who saw the team work of the Trinity nine in each contest feel very much encouraged over the outlook for a winning team when the baseball season opens next March. It is yet too early to attempt a guess at what the line-up will be. Many of last year's stars either graduated or were sent to college this year. There is a goodly bunch of Freshmen in college, however, who made enviable records on their high school teams, and who will figure largely in the record to be made by the college aggregation next year.

Just now more attention is being devoted to the track team than any other phase of college athletics. Every afternoon when the weather will permit, scores of men from each class may be seen on the field running and practicing and getting into shape for the big event which is to take place about the middle of this month.

PETERSBURG IS WINNER OF FIRST

[Special to The Times-Dispatch.]
Petersburg, Va., October 5.—The football season was opened in Petersburg this afternoon, when the Petersburg High School eleven defeated Chester Agricultural High School by a score of 13 to 3. A large crowd witnessed the game. The work of both teams was classy, while that of Young and Andrews, for Petersburg, and Brown, for Chester, was exceptionally fine.

Bowling

BY MET.
Richmond and Petersburg bowlers took part in a very interesting series of ten pins at the Newport Alleys last Thursday night. Owing to the fact that only four of the bowlers, a like number of local bowlers, were pitted against the three teams were captured by the home guard. With the exception of Whitman, who is at present in charge of the Petersburg Bowling Academy, all the visitors appeared to be up in the air on strange alleys, and it was not until the last game that they came back to earth and got going in proper form, and this game they took in a very decisive manner.

Williams carried off the honor of rolling the highest score, 223, and the highest total, 553. Walke did the best work for the visitors.

Automatic Pin Spotters.
The automatic pin spotters were completed just in time for use in this series, and to say that they were satisfactory is putting it very mildly, for every one who bowled or witnessed the games were enthusiastic about the way they operated, both in perfect accuracy and great speed. Almost invariably the pins were up waiting for the bowler, whereas with the ordinary hand setting the bowler had to wait for the pins to be put up.

With the speed and accuracy obtained through the operation of these machines, it is estimated that three match games can be rolled in one hour and a half, while the two to two and one-half hour game is now the standard.

All this will lead to a much more satisfactory and profitable season than ever before, and is sure to meet with the hearty approval of all the bowlers.

Second Team Wins.
In the initial game of the season the John Marshall High School second team defeated the strong Highland Park eleven by a score of 33 to 0.

The light John Marshall High School team was ranked completely off its feet in the first half, but came back in the second period and reversed matters, keeping their heavier opponents on the jump during the entire half.

The features of the game were the playing of the Highland Park backfield and the manner in which the entire high school team came back for the last half and won out.

The John Marshall High School team is scheduled to play the next game at 2 o'clock on Friday afternoon.

DE PALMA IS HURT AS CALEB BRAGG WINS GRAND PRIX

(Continued From First Page.)
and his mechanic, John Alley, went into the ditch, both seriously hurt.

At the Trinity Hospital De Palma's injuries were said to be a double fracture of the left leg and a puncture of the abdomen. Alley was not hurt except for a seriously wrenched left shoulder. Both will recover, it was positively stated.

Bragg drove the race—approximately 410 miles—in 55 minutes and 37 seconds, an average of 63.3 miles an hour. The second prize went to Erwin Bergdoll, driving a Benz. Gill Anderson, in a Stutz, the only American made machine to finish the race, was third, and Barney Oldfield, veteran of road and track races, took fourth place.

Crews Swamped Track.
As soon as Oldfield finished the impatient crowd swept out onto the back stretch, carrying the militiamen who were guarding the track off their feet and making it hazardous to attempt to finish the race. On this account officials of the Milwaukee Automobile Dealers' Association decided to give the fifth prize money, \$500, to George Clark, and not permit him to make his last two laps.

The joy which came to Caleb Bragg at winning the hard-fought race was overshadowed by the knowledge that it was made possible only by the accident to De Palma. Bragg finished the race with his engine shut off, and only permitted his front wheels to touch the finish wire, his only concern at that time being to get rid of the De Palma. He had no need to the cheering crowd in the stands, but catching Starter Fred J. Wagner by the collar, pulled him over his shoulder in his ear. Immediately Wagner gave all his attention to dispatching help to De Palma, and lost all record of the position of the rapidly finishing racers.

No announcement was made to the crowd of De Palma's accident until the facts were known fully. Bragg made another trip around the course to aid his friend and rival, and he was the first to return with the details of the accident.

Several Favorites Out Early.
In the early part of the race several of the favorites were out of the running. Bob Burman, Bens driver, who has made several world's records, only completed two laps, when a broken piston displaced him. Spencer Wisheart, a wealthy young man, who, like Bragg, drives for the sport, was speeded out after three laps when his Mercedes developed a broken shaft.

Hughie Hughes, playing the best liked by the crowd of all the drivers, narrowly missed being killed when his light Mercedes threw a wheel, but gamely continued in the race until a bursting gasoline tank forced him out.

The withdrawal of Teddy Tetzlaff, flat pilot, when he was in the lead at the end of 236 miles, was tragic. His machine suffered a broken connecting rod, which could not be repaired. Ralph Mulford, who was entered in a Knox, could not get his car into shape to start, and Mulford spent the entire race time working in Bergdoll's pit. The other entry which was scratched was the Fiat to be driven by David Bruce-Brown, who was killed in practice last Tuesday.

BLUES SURPRISE WHITE AND GREEN

(Continued From First Page.)

to resort to his own ingenuity alone to advance the ball from yards behind his own line of scrimmage. The two touchdowns were well earned, the first coming in the second quarter, when, with the ball on his five-yard line, Word attempted to punt to safety. Brockwell, the husky center of the Meds, broke through and blocked the kick, while Schenck, always on the alert with his eye on the ball, was on the oval like a flash. A puntout was a rather mean angle gave him an opportunity at kicking a difficult goal.

Smashing into the wavering Blue line during the third period, the Green and White rushed the leather down the field, using the only method open under the new rules, short and frequent gains. When on the Blue's twenty-yard line, Schenck executed his plan of action of the day, Elder being on the job and tearing around the Blues' left side of the line for the second and last touchdown. Schenck again kicked goal.

Referee Is Right.
In the fourth period, after blocking a forward pass, Walker, the All-American tackle, whose playing, though sick, was of a class all its own, neatly picked the leather from the ground and was over for what many thought a touchdown. Referee Taylor ruled differently over the pro-Blue fans of many White and Green enthusiasts, but a careful reading of the rules upholds the referee. Section 4, of Rule 19, says: "If the ball, after legally having been passed forward, strikes the ground within the field of play, either before or after having been touched by a player of either side, the pass shall not be nullified as completed." This settles the question once and for all.

Even though defeated the Blues put up a remarkable defensive game against great odds and three times made it down, while holding there opponents twice for downs within the very shadow of the goal. Word was a tower of strength, and is one of the best broken field runners seen on any gridiron for many seasons. Referee Taylor ruled that the Blues' left end, respectively played around their colleagues and were down on every kick like fends, making their tackles sure and hard. Where the Blues were strong the White and Green was weak—at end. In the line, both Hedgepeth and Walker looked like giants and played the part. Sutherland for a while played a brilliant end, but showed down, so much so that Krebs sent in Arnold during the first period to relieve him.

Luck In Attack.
The weakness of the Meds, if it is fair to call it a weakness this early in the season, appears to be in offensive play. With a pair of tackles equal to any in the South, it is rather peculiar that Krebs has not built his fighting machine around these two men, using them to advance the ball with his backfield as interference. Critchcross tackle plays with these two men carrying the ball, and the ball is worked in once in a while to give them a rest, would gain ten yards against almost any team, given the four downs of the present rules. Schenck is a great little quarter, and runs his team to advantage, being in every play. The best part of the boy is that he is equally good on offense as defensive, some of the best gains for his team being made by him, while he came from defensive quarter for some of the prettiest tackles of the day.

The victory of the Meds was indicative, in that much, of the material in the hands of the coaches. The material is on hand and all that is needed is a systematic plan for scoring with the best possible advantage taken of the men upon whom most reliance can be placed in advancing the leather. RED SOX AND GIANTS ON EDGE FOR BATTLE

All Dope Exhausted but Fans Still Feast on Morsels From Pen of Scribes—All the World Will Await News From Scenes of Conflict.

New York, October 5.—Having played on the mound at the Polo Grounds their last games in the regular American and National league season to-day, the Red Sox and Giants, respective pennant winners, have nothing to do now but play off a series for the world's championship. A quarter of the world's fans will watch them do combat next week, beginning Tuesday. Ten million more will observe their struggles via newspaper reports, transmitted by hundreds of telegraphers, who will see through the eyes of three hundred trained baseball experts. In short, the three dozen baseball players who fight out the games for the title will have the attention of the entire country. Politics, unless some shorter or longer and uglier word than "liar" is coined to stifle the public ear, will be relegated to an ignominious background.

Secretary John A. Heydler, who is handling the seating arrangements for the National Commission, reported to-day that he had received requests for reservations not only from all States in the Union, but from the Philippines, Cuba, Mexico, and Canada, as well. "World's Series" is not such a misnomer after all, it would appear.

In Boston practically all of the reserved seats have been sold and it is a foregone conclusion that the bleachers will likewise be sold out on the day of each game. In New York, the same situation holds. It is estimated \$4,000 will see each game.

Lineup of Teams.
The opening contest will be played at the Polo Grounds Tuesday afternoon beginning at 3 o'clock. Umpires: O'Loughlin, Evans, Klem and Rigler will have charge. Manager McGraw will place his regular line-up in the field, the players being:
Morris, first base.
Devlin, second base.
Harmon, third base.
Fletcher, shortstop.
Dovers, left field.
